

Community participation

Positive experiences in the community

Learning to become valued and active members of our community.

ACES has developed community connections that allow us to get out into the community in a safe and enjoyable way. The aim is to promote community engagement and inclusion, and to create recreation and employment opportunities.

Partnerships with local businesses and community groups allow ACES people to undertake volunteer and work-like experiences at places like Lifeline shops, Landcare, Meals on Wheels and Port Base Hospital.

Our transport resources improve access to public places and spaces so you can enjoy:

- ✔ sports/gym
- ✔ volunteering
- ✔ library sessions
- ✔ cafe work/visits
- ✔ classes
- ✔ bush regenerating
- ✔ art, music, drama
- ✔ helping others

You choose the community participation activities that interest you.

To find out more, phone Kathy at ACES on (02) 6581 2348.
